EXPERIENCE

Call Box, Dallas — Front-End Developer / UI Designer

SEP 2019 - PRESENT

Designed and built web applications using Vue.js primarily in an Agile development environment

Utilized Azure for version control, and docker for development environment

Continuously updated UI Toolkit and designed mockups and wireframes using Adobe XD

Rebuilt legacy code and pages MVC guidelines and replacing JQuery with Vue.

Assist with project scoping and Front-End debugging/case work as needed

EDUCATION

University of Texas, Austin — *Plan II Honors*

SEP 2013 - MAY 2017

Studied Humanities in the Plan II honors program, a four-year interdisciplinary arts and sciences honors major, with a minor in business

Southern Methodist University, Dallas — *Full-Stack Coding Bootcamp*

JAN 2019 - JUL 2019

A 24-week web coding bootcamp that covers full-stack web development skills using the M.E.R.N stack (MongoDB, Express.js, React.js, Node.js)

PROJECTS

MX_YOU Rebuild — *Front-End Development Project*

At Call Box, a SaaS company with over 47,000 users, I redesigned their platform's Profile Info/Login page to be more user friendly for their various types of users building the Front-End from scratch.
